National Chiao-Tung University

The 13th Taiwan Nuclear Physics Summer School

Registration Deadline
31st May, 2009

Invited lecturers

- **Sinya Aoki** (Univ. of Tsukuba)
Nuclear Force from Lattice QCD
- **Steven Boggs** (Univ. of California, Berkeley)
MeV Gamma-ray Nuclear Astrophysics
- **Jason Clark** (Argonne National Laboratory)
Mass Measurement, Ion Trapping and Astrophysical Nuclear Process
- **Nick Evans** (Univ. of Southampton)
Gauge-Gravity Duality
- **Hoong-Chien Paul Lee** (National Central Univ.)
Systems Biology and Network Theory
- **Adam Martin** (Yale Univ.)
**Dynamical Electroweak Symmetry Breaking:
New Strong Interactions at the Electroweak Scale**
- **Kinwah Wu** (Univ. College London)
Neutron Stars and Related Astrophysics
