Introduction
Following the first KIAS-NCTS Workshop in High1, we are having the second meeting in Taipei. Inheriting the tradition of the YongPyong Workshop, we continue to bring together experimentalists and theorists in the fields of particle physics, string theory, and cosmology to summarize recent progress and discuss future directions. We also hope that more international collaborations will be established through this platform.

KIAS-NCTS joint program coordinators
Cheng-Wei Chiang (NCTS), Eung Jin Chun (KIAS)

Local Organization Committee
● Chiang-Mei Chen (NCU)
● Cheng-Wei Chiang (NCU)
● Xiao-Gang He (NCTS)
● Hsiang-nan Li (AS)
● Guey-Lin Lin (NCTU)
● Kin-Wang Ng (AS)
